OUR WASHINGTON LETTER

FROM OUR REGULAR CORRESPONDENT

WASHINGTON, Saturday, [illegible] 1868.

THE OCTOBER ELECTIONS.

The great contest is over and the victory is ours. Democracy is everywhere routed, overwhelmed and demoralized. The triumph of Grant and Colfax giving us a Republican Administration for four years with more than a two thirds majority in both houses of Congress is now assured. That puts an end to the career of the rebel Democratic party. It will never again ... [illegible] ... servers are already deserting the Copperhead candidates and a Republican Administration backed by an overwhelming majority in Congress will break up ... what is left of the old pro-slavery rebel Democracy, and some new organization, with progressive ideas, will take its place before another Presidential election. We have carried Pennsylvania for the State ticket by a majority of about 10,000, and elected a large majority of both branches of the Legislature, securing a United Senator in place of Buckalew. In Philadelphia the election was like a conflict on the field of battle, and it is estimated that fraud and bloodshed cost the Republicans no less than 5,000 votes in that city. Five men were killed and thirty one wounded. The Democratic sheriff had 3,000 deputies, selected from the rum sellers and roughs around the polls all armed with revolvers and clubs. Bogus naturalization papers were voted with as readily as genuine ones and gangs of Baltimore and New York repeaters voted in some of the Wards, no questions being asked. If a policeman came in sight of an election poll scores of deputy sheriffs went for him. They killed one policeman, and wounded a number of others. They succeeded in getting in a small majority of votes for the Democratic Mayor and a part of the other city officers, but their seats will be contested on the ground of fraud. In Ohio our victory is complete. The State ticket is elected by about 17,000 majority. In Indiana the majority for Governor Baker is small—probably not more than 1,000—Hendricks, the Democratic candidate having run ahead of his ticket but we have a large majority in the Legislature securing a United States Senator in place of Hendricks. ... the victory is complete. Our majority in Nebraska is large and the Legislature which is to elect a United States Senator to succeed Tipton is almost unanimously Republican. Of the fifty five Congressmen elected in the four States the Democrats who have only thirteen in the 40th Congress have gained but six and the Republicans have gained one, in place of Cary, and two U. S. Senators in place of Buckalew and Hendricks. I predicted in these letters several weeks ago that we would gain two Senators in place of Buckalew and Hendricks and one member of Congress in place of Cary and that the Democrats would gain eight or ten members in New York, New Jersey, Pennsylvania, Ohio, Indiana and Missouri. So far this calculation has proved correct to the letter, and it will be verified at the end in November, excepting that the Democratic gain of members may be slightly more than was predicted. But we are sure of a very large majority of the members of the 41st Congress with three fourths of the Senate, and a Republican Administration which will give peace and prosperity to the country and bury forever the last vestige of rebel Democracy.

PANIC IN THE CAMP OF THE UNTERRIFIED.

The Copperhead leaders give up the contest. The New York *World* advocates the withdrawal of Seymour and Blair, and the appointment of new candidates by the National Committee, Belmont & Co. and the *National Intelligencer* of this city advocates the same policy. The leaders say the party cannot survive through a Republican administration and that a new ticket is the only thing that can possibly save them from overwhelming defeat and ruin. They have been in great commotion since the returns from Pennsylvania, Ohio, Indiana and Nebraska came in, and Chase, Johnson, Hancock, and other prominent men here have been besieged by them. Chase and Hancock are reported as saying that it is too late now to save the party, but Johnson is said to be sanguine that *he* could step into Seymour's shoes and beat Grant with ease. Democracy dies hard but all the doctors in the world can't save it now. On Thursday evening Col. O'Beirne, President of the Conservative Army and Navy Union of Washington, read a speech in favor of the election of Grant and Colfax, and the meeting broke up in a row, O'Beirne resigning his position as President and withdrawing from the organization. The same consternation prevails among them everywhere. In the Departments, from heads of Bureaus down to messengers, they are for Grant and Colfax, and are raising money for the campaign—the same men who were Copperheads two months ago.

ANOTHER OUTRAGE BY BALTIMORE REBELS.

The day before the meeting of the Soldiers' and Sailors' Convention in Philadelphia, a train loaded with delegates from Washington was attacked by a Democratic mob in Baltimore, and several of the passengers were beaten most brutally. Last Monday another train, conveying Pennsylvanians (who have been temporarily residing in the Capitol) home to vote, was assaulted by one of the most villainous and cut throat looking mobs of rebel Democrats that ever disgraced even Baltimore. The mob entered the train as soon as it halted at the depot and took possession of the cars. They then fell upon the Republicans who had been "spotted" by a newsboy going through the cars and taking a vote, and beat them in a shocking and most brutal manner with clubs.

SPIRIT OF THE CANVASS.

Forty nine Republican meetings were held in the State of New York yesterday, thirty three announced for to-day, forty one for next Monday, forty three for Tuesday, forty five for Wednesday, twenty six for Thursday, and twenty ... for Friday. This is the only list of meetings published in the leading papers and of course it does not include all the meetings of yesterday and to day, while many more will be announced for the latter part of next week. The Republicans are pushing things with the same energy in other States. A private letter received a day or two ago from Mr. Mallory, who has been speaking in western New York, expresses the opinion that the Republicans will not only carry the Empire State for Grant and Colfax, but will elect their Governor and State ticket.

CLERKS IN THE DEPARTMENTS.

A few weeks ago about half or two thirds of all the clerks in the various departments were foul mouthed Copperheads. Since the elections in Pennsylvania, Ohio, Indiana and Nebraska it is said that there is not a Seymour and Blair clerk to be found in any of the departments. The same fellows who a few weeks ago ... THE INDIAN COMMISSION.

The Indian Peace Commission have finished their labors at ... last Saturday. They say the time has come when the Government should cease treating with the Indian tribes as independent nations or except so far as may be requisite to carry out existing treaties. Military force should be used to compel removal to reservations of all Indians who refuse to go, and then they should be fed and protected by the Government.

THE ALABAMA CLAIMS.

A telegraphic dispatch has been received here stating that our Minister to England will soon have the *Alabama* claims settled and a treaty agreed upon on the subject of naturalization which will remove all future cause of misunderstanding in regard to the rights of our naturalized citizens of British birth when traveling in British territory. Ridiculous Women at Saratoga—the Grecian Bend Indecency

The nights are more absolutely than they ever were devoted to follies the most fascinating and exhibitions of fashionable manners and attire so absurd, that it would seem as if the modistes had conspired together this season to play a monstrous joke upon their patrons. The difference between a female popinjay and a lady is here defined by such a curious and vulgar set of peculiarities appertaining to the former person that I can not forbear to describe them. The body and waist of the dress are remarkable in only one respect, the last is exceedingly tight and the former rather loose at the top and exceeding low. It is below the waist that what is monstrous in the costume first attracts and then repels the eyes of man. A hoop of moderate dimensions, overspread with an underskirt or two and a dress of whatever fabrics are worn. Underneath the rear of this hoop just below the waist of the person designated is found a coil of wire from two or three inches in diameter, which throws out and elevates the upper portion of the dress behind, and forms the foundation, so to speak, of an exterior protuberance called the panier.

THE PANIER

Is a bustle, more or less enormous, upon which in successive folds or layers, gathered up or confined by a band encircling the dress from the stomach of the wearer around and beneath, an extra skirt, reaching quite low behind, hangs or rather "wobbles" to and fro. The dress has a train from four to six feet in length.

THE POSTURE

Affected in order to set off this attire is called the "Grecian Bend," a contortion of the body which, as it is highly improper in itself, I find it difficult to describe with propriety. High heeled shoes disposed the wearer to incline forward and high heeled gaiters are therefore adopted by the "belle of the season." She is thus the more readily enabled to elevate her hips unnaturally behind, enhancing the aspect of the panier, to contract her stomach, and to form an S like curvature of her upper shape by thrusting out her chest, drawing back her shoulders and bending back her head. The latter is crowned by a hideous chignon surpassing by several inches the thickness of the shallow nether brain.

SUGGESTIVE OF A LAME KANGAROO.

So bent and deformed, the belle constrains her elbows against her sides, and with horizontal forearms and little gloved hands dangling from limp wrist, tilts painfully along. The profile of such a figure, and its ungraceful gait are irresistibly suggestive of a lame kangaroo. When it is whirled and tossed about in dance by a fashionable jumping jack in black broadcloth, who are here so numerous and so much alike that you can hardly tell one from another, the sight, what with the bobbing up and down of the woman's panier and the agile sidelong leaps of the jumping jack across the immense trail piled on the floor, is too exasperatingly ridiculous even for laughter.

THE INSIDE ARRANGEMENT

It has been confided to me by an elderly woman with whom I conversed at a recent ball that the distortion of the shape known as the "Grecian Bend" is quite painful and wearisome and that some girls adopt artificial contrivances to aid them in preserving the posture for several consecutive hours. "A belt is fastened about the waist under the skirts. From this belt down either side the hips two straps furnished with buckles descend and are attached to strong bands made fast a little above the knees. As the buckles of the straps are tightened the hips are drawn up and held in position. This," said my ... informant, "is a relief of course ... [illegible] ... part of the frame. The construction of the upper part has to be preserved with ... than the stays, and these often render it the more difficult and tiresome."

A ... EXPOSURE OF BUST AND LIMB.

You perhaps notice another peculiarity about some of the ladies' dresses. The bodies are not only cut very low, but are so far from clinging jealously to the figure as to seem to challenge the gaze. "So gracious a condescension on the part of our belles ... [illegible] ... the matron in a tone tingling with ... will surely admit is a far more honest ... unequivocating ... than the ... fashion are used to boast of." And indeed this claim might be ... [illegible] ... striking than ... who has been ... [illegible] ... of the frequent displays ... on the stairways ... [illegible] ... embroidered hose ... [illegible] ... the limbs ... The Daily Oregonian.

THURSDAY MORNING NOVEMBER 5 1868

The Lesson

On the morning of the election the *Herald* contained the following:

To-day the voters of Oregon have a small opportunity of administering a fitting rebuke to the conspirators who betrayed their official trust and involved the State in incalculable dishonor and difficulty and the tax payers in largely increased burdens for a mere temporary party advantage.

The people of Oregon have spoken on this subject. They accepted the challenge given by the authors of the late outrage at Salem and have administered a fitting rebuke to the Ku Klux partisanship which was rampant in the Legislature. Last June the Democrats gained a majority which seemed to be invincible. They boasted that they would control Oregon for years to come. Following their rebel instincts they perpetrated outrages in the Legislature which no intelligent people could tolerate. What is the result? The Republicans reclaim Multnomah county by a triumphant majority, increase their majorities in every Republican county in the State, cut down the majorities in all the Democratic counties, and at this moment have an excellent prospect for carrying the State for Grant and Colfax. The boasted Democratic majority is so far reduced that nothing except the most outrageous frauds in the counties bordering on Washington and Idaho Territories can save the State to the Democrats. This result tells what the people think of the conduct of the Democratic majority at the Capital. Messrs. Stout, Chapman & Co. will you resign in obedience to the voice of the people of Multnomah? You declared in a late resolution in the Legislature that Senators Williams and Corbett were "repudiated and condemned" by their constituents and ought to resign; you now find yourselves repudiated and condemned, and have a chance to take your own medicine. We can tell Mr. Stout right now that he may as well resign, for he will not hold a seat after the next general election. He got the seat he now holds by fraud and violence, and when the Legislature meets in 1870 he will have a chance to pack his traps and leave it.

"Democracy" in Portland

It is now apparent to every one that the Democrats carried Multnomah county last June by [illegible] frauds. The average majority which they gained in the county at that election was something near 125. The county now goes Republican by about the same majority. The vote thrown by both parties is considerably larger than it was last June, which is chiefly attributable to the well known fact that there is a large number of persons in the city from other parts of the State. Most of these are well known citizens, and are about equally divided in political sentiment. The gain in the Republican vote is, however, much larger than in the Democratic, which is accounted for by the fact that the Democratic [illegible] in this city have not on this occasion imported a large herd of voting cattle into Portland to override the will of its honest, responsible, sober and substantial citizens. In North Portland precinct the Democrats have but 153 votes against 224 in June last, which shows conclusively that not less than one hundred drunken bummers were colonized there in June to overrule the citizens of the precinct. The Democratic managers had no pecuniary interest in this election, and therefore could not afford to spend thousands of dollars as they did last spring to import the low, beastly class whose votes gave them the election on that occasion. It is perfectly apparent to every one that in Portland, as in all other towns and cities, a very large part of the Democratic vote comes from vicious, ignorant, degraded creatures whose very appearance is a libel on humanity. The reason why the Republicans won on Tuesday was that the election was the most fairly conducted of any election we have had for years, and because fewer villainous looking creatures than usual have been imported and kept here for the purpose of voting the Democratic ticket.

The Rebel Spirit.

Speaking of the action of the Ku Klux majority in our Legislature, the Sacramento *Union* justly says: The conduct of the "chivalry" in Oregon is a fair specimen of what may be expected from them wherever they get into power. Arrogant, overbearing, insulting, the [illegible] utterance of the word "moderation" by such men is ridiculous. They show no sort of tolerance to their opponents. They have no hesitation about using their power to reconsider previous action upon qualification of members and expel Union members once declared entitled to their seats. In this respect the Oregon Democrats and the Georgia Democrats are very similar. The latter, under the guidance of Toombs, expelled the very men who voted to relieve them from their own legal disabilities. The Oregonders, under similar inspiration, turned out old members and let in men of their own, in order to have a pretext for declaring the Fourteenth Amendment not ratified by the State. A family resemblance runs through all the acts of the Ku Klux rebels in the South and their Copperhead allies in the North. Both exhibit that vindictive, venemous spirit which in itself is horrible and the [illegible] impelled by which, during the war and since, have been a disgrace to the age.

Republican Jubilee

Last night the Republicans fired one hundred guns in honor of their great victory. The Democracy have not heard so unwelcome a sound since Grant's guns were thundering at Richmond. On Saturday evening next the Republicans propose to have a general jubilee in this city to still further honor their splendid triumph. There will be music, fireworks, bonfires, speeches, firing of guns, etc., etc., and a good time generally. Our friends from all places within reach are invited to be present. The Democracy are also respectfully requested to be in attendance and rejoice with us that the country is safe, and that such a noble career is before us as a nation.

Beriah has not heard of the election. On the day after the election was held he said in the organ: "Does any man believe that the Democracy could have succeeded in redeeming Oregon or the county of Multnomah or the city of Portland, without the aid of the Democratic press?" Will Beriah study the returns of the election and then tell the faithful just to what extent Multnomah county, Portland and the State of Oregon have been redeemed.

According to the declarations of the Democratic papers before the election the fight was between the Democracy and the "nigger." If this is so, and [illegible] the Democracy did not win, we suppose it is settled that, as between them and the "nigger," the latter has the ascendency.

PERSONAL.—Gov. Moore of Washington Territory took passage for San Francisco on the Steamship *Oriflamme*, yesterday.

THE ELECTION.

The Great Triumph.

Peace is Secured!

Grant and Colfax receive Two Thirds of the Electoral Votes

Democracy Receives its Quietus

THE END OF REBELLION.

The General Result

The real battle of the campaign was fought in Pennsylvania, Ohio and Indiana on the 13th October. Since then the only question has been as to how large the majority for Grant and Colfax would be. The Republicans have certainly carried all the New England States with 39 electoral votes, Pennsylvania 26, Ohio 21, Indiana 13, Illinois 16, Michigan 8, Wisconsin 8, Iowa 8, Minnesota 4, Nebraska 3, Kansas 3, Missouri 11, West Virginia 5, Tennessee 10—in all 175 votes, with good prospects in Oregon, California, Nevada and several of the Southern States. Grant and Colfax will have two thirds and perhaps three fourths of the electoral college. We are too busy with facts and figures to jubilate much at present. Suffice it to say the country is safe, treason is made odious, rebels and Copperheads can take back seats and the "Black Republicans" will run the Government.

The State

The returns received up to a late hour last night give us increased hope that we have carried the State. We append a table showing the Republican gains so far as heard from. The first two columns show the majorities for Logan and Smith last June. The two next show the majorities for Grant and Seymour, while the last show the net gains made by the Republicans.

Counties	Logan	Smith	Grant	Seymour	Rep gain
Benton		6	16		[illegible]
Clackamas	24		90		66
Douglas		6	97		103
Jackson		280		220	60
Linn		296		186	110
Marion	140		514		374
Multnomah		50	130		180
Polk		41	7		48
Washington	147		200		53
Wasco		169		133	36
Yamhill	20		75		55
					[illegible]

Every county so far show very satisfactory Republican gains. The Democratic majority in the State last June was 1 199. It will be seen that more than three-fourths of this majority has already been overcome. We present the case in another shape by giving a list of Republican and Democratic majorities in the counties above named.

Counties	Grant	Seymour
Benton	16	
Clackamas	90	
Douglas	97	
Jackson		220
Linn		186
Marion	514	
Multnomah	130	
Polk	7	
Washington	200	
Wasco		133
Yamhill	75	
	1119	539

Republican majority so far as heard from, 580

The other counties on this side of the mountains are Lane, Josephine, Coos, Curry, Columbia, Clatsop and Tillamook. We estimate that these counties will about offset each other, with the chances in favor of a small Republican majority. In order to carry the State the Democrats must have at least 600 majority in Umatilla, Union, Baker and Grant. In these counties last June they had 754 majority. Anything like the same reduction of Democratic majorities in these four counties which has been observed so far, will give Grant the State by a considerable majority. At any rate, we have reduced the great Democratic majority of last June to just *nothing*.

Wasco county gives 133 majority for Seymour, a Republican gain of 36 since last June. Umatilla City gives 4 majority for Grant. Citizens of that place now here inform us that last June Smith had 64 majority in Umatilla City.

A MONSTER AEROLITE SUPPOSED TO POSSESS A SURFACE OF 2 000 ACRES.—The Paris correspondence of the *New York Times*, under date of September 4th, writes: But what are we to think of the wonderful *Bolide* of Warsaw of a few months ago? Here is something more fantastic than anything the astronomer ever dreamed of. On a starlight night the citizens of Warsaw gazed petrified with fear at the rapid approach of an immense ball of fire, which at last burst over their heads with a noise and shock such as never had been heard or felt before on the surface of the earth. After the globe burst, each of the pieces in turn broke up, until parts of the mass, before reaching the earth, were in powder. The first discharges representing for the sound the discharges of artillery, and the smaller pieces the rolling discharges of many regiments of small arms. M. Daubree, of the French Academy of Sciences, who has just been lecturing on the subject, has obtained for the Academy 912 pieces of the broken bolts. M. Krantz of Bonn gathered up for himself 1 612 pieces. Other professors have done the same, and millions of pieces yet remain strewed over the section of country where it broke.

It was computed that this globe had a surface of 2 000 acres, and was consequently large enough to maintain the life of many microscopic nations of infusoria. Where did it come from, and what was the force that directed it thus in a straight line against the earth? When first seen it appeared half as large as the moon, and never appeared larger until it struck our atmosphere and exploded. This fact shows its frightful rapidity of motion, for from the distance at which it appeared less than the moon till the time it exploded it must have shot so rapidly that the eye had not time to perceive its enlargement! Then again, what was the cause of the explosion, and especially of an explosion so complete as to almost triturate the particle? Was it the density of the earth's atmosphere that broke it, or was the explosion due to the contact of certain gases of the meteor with the constituents of the air? It is more consoling to adopt the first theory, because we will then feel as if our atmosphere served as a cuirass to the earth, and would protect us from the stray [illegible] like that of Warsaw. The shock and the spring [illegible] must have been something beyond the computation of man, for it did not knock people down, and yet it occurred at something like fifty miles from the earth, and the pieces picked up show it to have been a tolerably hard stone.

Miscellaneous

NEW YORK, Nov. 3.—Superintendent Kennedy has issued an order directing the policemen to take all persons arrested for illegal voting before the United States Commissioner, and not before any the Justice. The Police Commissioners have held a meeting for the purpose of taking action in regard to the order. But the Board was equally divided and came to no action.

OMAHA, Nov. 3.—The nine hundred mile post on the Union Pacific Railroad was passed by the track layers to-day.

Five desperadoes are reported hung near Gilmore on Friday by a vigilance committee.

PORT COLBORNE, C. W.—The captains of several vessels arriving here to-day report their passing wrecked vessels on the lake with men clinging to them, but in no case could assistance be rendered owing to the gale and high sea. These captains on Friday and Saturday had the heaviest weather they ever experienced.

From the Plains

OMAHA, Nov. 3.—The latest reports from the North Platte represent the Indians quiet. Sufficient military forces are stationed near the threatened points. The trains are running regularly.

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO, Nov. 4.—The following is the result of the election in this city: Total vote 26,656; Seymour's majority 1,313. The Democrats elect all the city and county officers except Chief of Police Crowley, being re-elected by a majority of 683. The Board of Supervisors stands next year: Union—Harrold, Flaherty, Ashbury, Shattuck, Shoeder and Stonygan; Democratic—Hinkle, Cole, King, Carel, [illegible] Nuten and Cannavan—six and six.

The Board of Education will consist of four Union and seven Democratic members.

Returns from the interior indicate that Grant has carried the State, unless the southern counties return a much heavier Democratic majority than either party has estimated, and the members of the Democratic State Central Committee have about given up all hope. Sargent, Hartson and Axtell are undoubtedly elected. The excitement in the city last night was intense and betting was heavy on the State and Chief of Police. The Democratic State Central Committee made an error in their computations, and up to half past ten they were sure of 3,000 majority in the city. Upon the strength of this assurance and reports that Sacramento county had given but 800 Union majority, Democrats bet their money freely, giving odds of two and in some cases three to one that Seymour had the State and that Cannavan was elected Chief of Police. One man bet $6,000 against $500 on Cannavan, and several other equally heavy bets were made at smaller odds. When the mistake of the Committeeman was made known the odds changed, and Union men are now giving two and three to one on Grant.

The defeated candidates on the Union ticket in this city and county, will contest the election of the Democratic nominees on the ground of illegal voting, the Central Committee having abundant evidence that over twenty five hundred illegal votes were polled yesterday.

The contributions to the San Francisco Benevolent Association at the polls amounted to $1,928.

Capt. John Wright, the well known steamship owner, died in New York city on Sunday last.

Protest

We the undersigned members of this Senate, hereby enter our protest against the passage of Senate Joint Resolution No. 16, designating the East Side Railroad Company for the following reasons:

FIRST. It misrepresents the facts and the history of the country and Legislation of the State, in declaring that the Oregon Central Railroad Company had no existence on Oct. 10th, 1866 and that the Legislature then acted under a misapprehension of the facts.

The act of Congress granting lands to aid in the construction of a railroad and telegraph from Portland, through the Willamette, Umpqua and Rogue River valleys to the southern boundary of Oregon was passed July 25th 1866. That act required the Legislature of Oregon to *designate* the company "organized under the laws of Oregon" which should receive the land by said act granted, in Oregon.

The land was *granted to the company* that should be *designated* by the Legislature and it was not granted to the *State* as some would assert. (See Sec. 2 of the Land Grant Act.) The Legislature has nothing to *grant* and therefore it could not make a grant. Its sole duty in the premises was to *designate*. According to Webster "designate" means "to point out." Now then did the last Legislature "point out"—designate—a company to be the recipient of a grant from Congress? We hold that it unquestionably did make that designation. On the 10th of October 1866 the Legislature adopted House Joint Resolution No. 13, (which may be found in either the House Journals or Session Laws of 1866) which designated "the Oregon Central Railroad Company."

This is denied. But how stands the record? The said Joint Resolution declares the existence and organization of the company, or at least that is the plain inference, as the language of the resolution is: "The Oregon Central Railroad Company, a *corporation organized under the laws of Oregon*." The Legislature represents the sovereignty of the State, and we apprehend that when it has passed upon a fact, like a jury of twelve, that it does not lie in the mouth of any citizen or corporation nor even a succeeding Legislature, or the Supreme Court, to dispute it. The passage of H J R No 13 was an act of equal dignity, authority and veracity as the passage of a law. Does it lie in the mouth of any litigant in court to assert that the law which is against him is not valid because the Legislature which enacted it was ignorant of certain facts? And if not what is the standing of him who is not in court who has no claim to the land, on record. The English principle of law, "that the king cannot err" is transferred to all the acts of our State Legislature, within the State and national Constitutions and no citizen nor corporation of this State nor even the Supreme Court or a succeeding Legislature, has any right, authority, or power to contradict the record of the last Legislature by declaring that it (they) "acted under a misapprehension of the facts."

But we claim that S J R No 16, not only misrepresents the record of the past, but it misrepresents the facts as shown by the evidence offered before this Senate. Some of these protestants were members of the Legislature of 1866 and have a personal knowledge of what we state. In addition to this, the President of the Oregon Central Railroad Company of Portland, was called before this Senate and stated that the Articles of Incorporation, which he then produced were the Articles of Incorporation of his company, and the identical papers which were presented to the Legislature of 1866, the only Articles of Incorporation which had ever used the corporate name "The Oregon Central Railroad Company," prior to the passage of said H J R, No 13, on October 10th, 1866, and the only Articles of Incorporation using that name before said Legislature of 1866. The Articles themselves bear date in September, 1866, and were shown to be filed with the Secretary of State on October 6, 1866. And they state now, that the Legislature of 1866 did not know what they were about, and did not then "designate" and "point out" The Oregon Central Railroad Company of Portland, Oregon, is to assert what the records of the State and all contemporaneous evidence prove to be untrue. But as an excuse to ignore and attempt to destroy the company which the United States Government has recognized, it is alleged that after its Articles of Incorporation were filed with the Secretary of State on October 6th, 1866, other names than those then attached were added to the articles and a certain [illegible] for the subscription of one-half the capital stock was entered into between certain parties. This [illegible] is shown to be groundless by [illegible] proven in evidence before the Senate: 1st, That the person who drew up and circulated the Articles, had agreed with H. W. Corbett, one of the original incorporators, that the additional incorporators in Portland should sign them; 2d, That Mr. Gaston the agent and promoter of the corporation, was authorized by a meeting of the original incorporators to go to Portland get certain capitalists to agree to take it [illegible]; and, 3d, After these additional names had all been attached to the Articles of Incorporation, a majority of the original incorporators united with all the new corporators in authorizing Mr. Gaston to open the stock books, thus waiving all objections.

SECOND, S. J. R., No 16, is revolutionary, illegal and void. Section 6 of the Act of Congress referred to, provides that the "assent" as of the company to the provisions of said act, shall be filed with the Secretary of the Interior, prior to July 25th, 1867, and the eighth section of the act declares if such assent is not filed prior to that date, the entire act shall be *null and void*.

According to the evidence before the Senate, the "Oregon Central Railroad Company" of Portland passed an "assent" under the instructions of the Secretary of the Interior, and filed the same in his office at Washington city, on the 5th day of July, 1867, prior to the expiration of the time limited by said Act, which "assent" was accepted and [illegible] by the Secretary of the Interior.

As the record stands, both in our statute books and in the General Land Office at Washington City, the "Oregon Central Railroad Company" of Portland, Oregon, is legally entitled to said lands and we not only pronounce the passage of S J R No 16, revolutionary, but also an outrage upon the Company legally entitled to the land, and the people on the west side of the Willamette River and Southern Oregon. The resolution is illegal and void because the Company it designates cannot now file the papers required by the Act of Congress, the time limited for such purpose having expired. The resolution is illegal revolutionary and void, because this Legislature cannot dispute, reverse or repeal the acts of a former Legislature in matters of this kind. One Legislature may repeal the laws of a predecessor but not so as to disturb vested rights. House joint resolution No 13, above referred to, is not a law and cannot be treated as such. It was simply the declaring of a fact (the organization of the Oregon Central Railroad Company) and the election of that Company to certain rights. The designation made by H J R No 13 was such an act of sovereignty as the election of a United States Senator, and when once done, cannot be disputed by any succeeding Legislature. If the law were otherwise than as we claim, then no man's rights are safe. If one Legislative Assembly can repeal the acts of a former, so as to destroy vested rights, then justice and confidence among men are at an end. If this Legislature can declare that its predecessor acted "under a misapprehension of the facts," then its successor can declare the present Assembly "acting under a misapprehension of the facts" in passing S J R No 16, and "designate" some other candidate for Legislative favor, and thus inaugurate a farce in legislation as disgraceful to the State as it is dangerous in its operation. Acting upon this view, suppose the Oregon Central Railroad Company of Salem shall take and present to the Secretary of the Interior S J R No 16, what is the probable reply? "The records of your State [illegible] your statements. The act of one Legislature is of equal dignity, verity and authority as that of any succeeding Legislature, the Legislature of 1866 solemnly declared the existence of and designated the "Oregon Central Railroad Company" by a joint resolution now on file in this office, attested by the signature of the Secretary and great Seal of the State of Oregon and that company having filed an "assent" to the Act of Congress according to the terms and within the time by said Act prescribed, the Secretary of the Interior has recognized said company and no other company coming within the time there can be no contest in this office. [illegible] disputed or reversed [illegible] the Salem Company ever had any rights [illegible] they are lost and forfeited by their own neglect [illegible] We need not say that the Secretary would so act. We have his decision already as appears from the following letter to the Vice President of said Salem Company.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., July 17, 1868.

SIR—I have received your letter of the 16th inst and accompanying papers purporting to be an acceptance by the Oregon Central Railroad Company of the grant made by the act of July 25th 1866.

By law the company was required to file an assent to its terms and conditions within one year. That [illegible] 1867 an [illegible] that purpose [illegible] now be received.

I state for your information that J. Gaston President of the Oregon Central Railroad Company, within the time prescribed in that act, filed an assent which was received.

In compliance with your request I enclose a copy of my letter of the [illegible] instant to Mr. Gaston, in regard to maps to be filed in this Department.

Very respectfully your obedient servant
O. H. BROWNING, Sec'y.

A. M. [illegible] President.

THIRD. S J R No 16 is against public policy and the best interests of the State. A sound public policy and the best interests of the State require that nothing should be done or suffered by this Legislature which may in any manner interfere with the speedy administration of said land grant. The Oregon Central Railroad Company of Portland (commonly known as the West Side Company) took the necessary steps to secure the land granted by the act of Congress, was recognized by the Government as entitled to the land and energetically proceeded to the construction of their road upon the faith and credit of said lands. Large numbers of our citizens have liberally contributed money land and other property to push forward the enterprise, upon the same faith and credit. This is an Oregon company—a home institution and we have every reason to believe that its control will forever remain in the hands of the citizens of Oregon—men who live and expend their means with us and for us for the development of the State. On the other hand the company proposed to be designated by this Resolution is notoriously in the hands of a man who has no bond of sympathy or interest with us further than as the earnings of our producers contribute to fill his coffers. He is a foreign monopolist, having already the control of the line of ocean steamers doing most of the carrying trade for Oregon at enormous charges and if we now attempt to place the railroad interest of the State in his hands and cripple the efforts of our own citizens, we will not only do the State a great injury, but merit and receive the just condemnation of our constituents. The passage of S J R No 16 can have no other effect than to breed confusion in the public mind and litigation between the rival companies. It cannot possibly give the Salem Company anything. If the West Company has not the land grant, it has then reverted to the United States Government according to the provisions of section eight of the act and now do an act which can do your company no good while it may do the [illegible] company much harm? Why cast clouds upon the title of the West Side Company, while no disadvantage can accrue to the Salem (East Side) Company? Is this action for the bare purpose of an injury to the West Side Company? Can fair minded men [illegible] the public good, no matter what their local interests may be justify such a course? Does any member of this Senate hope to escape the investigation of this matter which the sober second thought of public opinion will inevitably demand? We warn Senators that their resolution will produce only evil results. If it has any effect at all in a legal way it will be to transfer the bitter contest now before this Legislature to Congress. We warn Senators that if they throw away this land grant now, it will be lost to the State. The evil is even worse than this. It will ruin the hopes for grants to all other sections of the State. Memorials to Congress are now before the Legislature for grants to the Snake River and Eastern Oregon road, the Humboldt and Portland road, the Corvallis and Yaquina road the Astoria and Salem road the Hillsboro and Columbia road, and, now, with these memorials for favors, we send up a fire brand in a contest which our action has promoted rather than settled, and the sure result will be the rejection of all our requests, as, without additional legislation by Congress, the East Side Company, according to the admission of their own attorney, can never get the land and the West Side company will not give up its legal and just right. If the land grant has not vested in the West Side company, as is claimed by its enemies, then the true plan would be to memorialize Congress on this point, and not proceed in designating a company which has no power to comply with the act of Congress, and for this reason this resolution is bad policy.

FOURTH, We protest against S J R No 16 because it proposes to give all the land granted by said Act of Congress to a pretended corporation having no lawful organization or existence.

It will not be claimed that there can be a legal organization or corporation proposing to construct more than two miles of railroad in this State without having first the subscription of at least one half the capital stock named in the Articles of Incorporation.

The requirements of our General Incorporation Law are explicit on this point. The evidence offered before the Senate, the stock books of the company proposed to be designated by S J R No. 16, shows indisputably that at the time said Salem Company elected their Board of Directors and organized their company, they had only six shares of stock subscribed in a capital of seventy two thousand five hundred shares—but six hundred dollars in a capital of seven million two hundred and fifty thousand dollars. The pretended subscription of seventy thousand shares, made by the six corporators passing a resolution authorizing George L. Woods, as "Chairman," to subscribe that amount for the company to themselves before the company had an existence is too barefaced a fraud and cheat upon the law and the public for whose protection the law was enacted to merit serious consideration. The pretended corporation named in S J R, No 16 has none of the powers of a corporation it could not condemn the right of way through any man's land if resisted—it is in fact and law a myth and a sham.

For these reasons we protest against the adoption of Senate Joint Resolution, No. 16 and from the action of the Senate we appeal to the justice and good sense of the people of Oregon and our delegation in Congress.

LECTURE FIFTH—NOV. 3D
Geology in favor of the Bible.

LECTURE SIXTH—NOV. 10TH
The same subject continued.

LECTURE SEVENTH—NOV. 17TH
The Testimony of Physiology to the Immateriality of the Soul.

LECTURE EIGHTH—NOV. 24TH
The Mediatorial Doctrine of Christianity in accordance with Nature.

The above programme is both novel and bold. Dr. Wythe takes up the gauntlet thrown down by modern infidelity. We trust the Lectures will afford to our citizens intellectual recreation and profit as well as aid the Trustees in completing the edifice which promises to be so [illegible] an ornament to the city.

HIRAM SMITH'S

Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been fully demonstrated during the few months which it has been brought before the public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm and a trial of it is therefore without injury or expense to the patient, if no cure is effected.

It has [illegible] cases of FIVE, SIX, NINE, FIFTEEN and even EIGHTEEN YEARS standing in Harrisburg [illegible] county Oregon and its vicinity to which the following persons will bear witness:

P. B. MOORE	NATHANIEL BELL
A. J. WALLACE	G. R. WARD
Mrs. MONTGOMERY	JOHN M. HOLLOWAY
W. D. PORTER	ROBT. RAMSEY

And others in that vicinity.

Those afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE NO PAY and NO INJURY plan.

Prepared by **SMITH & ROACH,**
Harrisburg, Oregon.

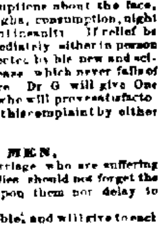
TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,



616 KEARNEY STREET, NEAR COMMERCIAL San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life destroying maladies, see that they are cared for or danced before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures viz. Sallow countenance dark spots under the eyes, pain in the head, ringing in the ears noises like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon stating case, symptoms, length of time the disease has continued and have medicines promptly forwarded free from damage and curiosity, to any part of the country with full and plain directions for use, for Ten Dollars sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who with bogus sworn to certificates dupe the unwary. Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it but you will find their former occupations in it. Look at the Directory for 1867 and 1868. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets for as advertising physicians in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he professes to cure.

Address DR. J. F. GIBBON, 616 Kearney street corner Commercial, San Francisco. Post Office Box 952.

REMEMBER TO PUT BOX 952 ON THE LETTER.

Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*. jy6d4ptf
